(ii) New and amended standards adopted by the entity

New standards and amendments to standards that are mandatory for the first time for the financial year beginning 1 July 2019 including *AASB 16 Leases*, *AASB1058 Income of Not-For Profit Entities & AASB15 Revenue from Contracts with Customers* have been applied and incorporated into the accounting policies of the Foundation.

The financial statements have been prepared on an accruals basis and are based on historical costs unless otherwise stated in the notes. The material accounting policies that have been adopted in the preparation of this report are as follows:

Accounting Policies

(a) Acquisitions of assets

The purchase method of accounting is used for all acquisitions of assets regardless of whether equity instruments or other assets are acquired. K.I.D.S FOUNDATION

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2020

(b) Revenue recognition

Revenue is recognised when it is probable that the economic benefit will flow to the Foundation and revenue can be reliably measured. Revenue is measured at the fair value of the consideration received or receivable.

Donations are recognised at the time the pledge is made. Grant revenue is recognised in the profit or loss when the Foundation obtains control of the grant, it can be measured reliably and it is probable that the economic benefits will flow. If sufficiently specific conditions are attached to the grant whereby the Foundation incurs an obligation to deliver economic value to the contributor or conditions apply which must be satisfied before it is eligible to receive the contribution, the grant will be treated as deferred revenue until the services are provided or conditions are met.

Volunteer Services are received by the Foundation however are not recorded in the operating accounts.

(c) Income tax

The company is a registered with the Australian Charities and Not-for-profits Commission and is exempt from income tax.

(d) Depreciation of property, plant and equipment

Depreciation is calculated on a straight line basis to write off the net cost or revalued amount of each item of property, plant and equipment (excluding land) over its expected useful life to the company. Estimates of remaining useful lives are made on a regular basis for all assets, with annual reassessments for major items. The expected useful lives are as follows:

Plant and equipment 3 – 20 years

Operating Leases

The standard requires a lessee to recognise all qualifying leases on the balance sheet in the form of a lease liability and right-of-use asset. The Foundation has considered the new standard and reviewed its current operating lease arrangements. A lease of current premises at the Ballarat Airport (peppercorn lease) at current rate of \$601 per annum with annual CPI adjustments to 2021 with further options for 10 more years. This operating leases have been identified as being low value, as such the exemption for low-value assets will be applied.

(e) Impairment of assets

Assets that have an indefinite useful life are not subject to amortisation and are tested annually for impairment. Assets that are subject to amortisation are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs to sell and value in use. For impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash generating units).

(f) Borrowings and borrowing costs

Borrowing costs incurred for the construction of any qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use. Other borrowing costs are expensed. Borrowings are classified as current liabilities unless the Company has an unconditional right to defer settlement of the liability for at least 12 months after the reporting date.

K.I.D.S FOUNDATION

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2020

Management monitors rolling forecasts of the company's liquidity on the basis of expected cash flow. Prudent liquidity risk management implies maintaining sufficient cash and cash equivalents to meet operational requirements.

The carrying value less impairment provision of trade receivables and payables is a reasonable approximation of their fair value due to their short term nature.

For other assets and other liabilities the net fair value approximates their carrying value. The aggregate net fair values and carrying amounts of financial assets and financial liabilities are disclosed in the balance sheets and in the notes to the financial statements.
